POST GRADUATE DEPARTMENT OF PHYSICS
UNIVERSITY OF KASHMIR, SRINAGAR-06

The Principal,
Gandhi Memorial College, Srinagar

Subject: Participation of your students in *Resonance Science Outreach Programme* jointly organized by University of Kashmir, Srinagar and Indian Academy of Sciences, Bangalore at University of Kashmir, Srinagar (October 10-14, 2023)

Dear Sir/Ma'am,

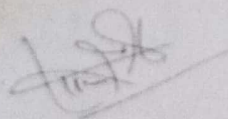

The Indian Academy of Sciences (IAS) through the Editorial Board of its Journal "Resonance" organizes outreach programs for bright undergraduates who are interested in science and science education. With the objective of Science Outreach, renowned experts in different fields within science are brought together to give talks and interact with students. These outreach activities have become compellingly essential, particularly in our region, owing to the dwindling interest in Science shown by the brighter students, even though demand for professionals in scientific and technical fields is growing.

We are privileged to host the 2023 IAS sponsored Science Outreach Program at University of Kashmir, Srinagar. More than 25 lead scientists, from all disciplines of basic science, have confirmed their arrival.

In this regard, you are requested to nominate 5-10 students studying in any STEM discipline (in order of preference) from your college and encourage them to register online at the link: VISIT <https://phy.uok.edu.in/Main/> go to the tab SCIENCE OUTREACH PROGRAM and in the drop down menu click REGISTRATION

You are also requested to treat the selected candidates on duty leave.

Yours sincerely,

Prof. Manzoor A. Malik
(Chair LOC, Resonance Outreach)
On behalf of National Organizing Committee
